

# Large square bale fork BB2

Fork designed to handle large square bales.

Its lengthened shape allows to stack the bales on one another, to speed up storage of hay and simplify work.

A third tine can be added to make it easier to pick up bales and to better distribute their weight on the structure of the implement.

## Technical data sheet

			<b>BB2</b>
Width		mm	1240
Forks length		mm	1085
Implement height		mm	2200
Weight		Kg	216
Max. load capacity		Kg	1000
Tines		nr	2
